Facilities at the spa include outdoor spa pools

Liostasi Hotel & Suites, a five-star hotel on the Greek island of Ios, has opened a luxury day spa.

Designed by Cyprus-based spa specialist ExclusivelySpa, the 150sq m (1,600sq ft) spa has three treatment rooms, a manicure-pedicure room, spa pool, hammam and an outdoor relaxation area.

The spa's bespoke treatments – designed by ExclusivelySpa – use Kurland and BeautyLab products and include olive oil signature therapies, red and white wine treatments and body wraps using apple and aloe vera.

The €200,000 (US\$228,700, £176,000) spa, which opened on 1 June, also has a small retail area. The spa will be managed by ExclusivelySpa.

Chris Anastassiou, managing director of ExclusivelySpa, said: "Liostasi Spa is the latest addition to our portfolio of exclusive spa projects in Greece. Our policy is to work with only the best hotel on each island, and Liostasi is indeed a spa that we are proud of."

Anastassiou added that the company has also secured two further projects for 2018, with construction underway on a new spa facility at Canaves Oia in Santorini, Greece, and the Sofia Hotel Balkan – a 5-star city hotel and member of the Starwood Luxury Collection in Sofia, Bulgaria.

Created by Greek interior designer Antonis Kalogridis – and with views overlooking the Aegean sea – the boutique Liostasi Hotel & Suites has 30 bedrooms and is a member of the Small Luxury Hotels of the World.
